*(Details over)*

**Donations can be made**

**Anglican Parish of Warracknabeal**

**NGR Number:**

**NGR 12439740**

**Ref: YP1 or RV2**

*(As Grain Handlers may not be able disclose  
your information - please alert the Parish  
to your contribution and the specific  
project of choice.)*

The Anglican Parish of Warracknabeal  
was established in 1885  
and has provided care and concern for the  
community for 134 years.

Project REGENERATE 2020-2025  
is an ambitious 5 year plan to  
Renew People; Revive Projects; and,  
Restore Place - as the parish looks to  
celebrating 140 years in 2026.

**Restore PLACE**

# GRAIN for GROWTH

will support two distinctive needs for Project REGENERATE -  
Developing stronger and resilient young people, and  
Enabling a Parish Centre Revamp.

---

## **YOUNG PEOPLE - (Ref Code YP1)**

Over the last three years, the parish has been developing programs and projects that provide opportunities to develop stronger and resilient young people.

The Boys' Shed was established in 2018, and has been operating out of Rectory Garage. The Boys' Shed is a program for primary and high school age boys.

SHINE - was established in early 2020, and was able to continue through the pandemic due to ZOOM technology and the willingness of participants. SHINE is an engaging space for young people to nurture their faith and connect with their social peers.

ZMorph - is our latest project and will be launched in 2021. ZMorph allows participants to explore science and construction through 3D printing, CNC Milling and Laser Etching.

Your contribution to GRAIN for GROWTH will ensure that Project REGENERATE can change the lives of young people and help provide a useful facility for the Warracknabeal community and region.

## **PARISH CENTRE REVAMP - (Ref Code RV2)**

The current Parish Centre was built in the 1960's with a great deal of energy and vision.

It now needs a major 'freshen-up' to meet the needs and demands of a 21st Century public facility.

Hospitality - the Anglican Catering Team are an organised and efficient group of people who can cater for any occasion. The Parish Centre Revamp will allow us to refurbish the kitchen and storage facilities to meet the needs of our community.

Public Conveniences - the Parish Centre Revamp will include new public conveniences that respond to the changing needs of people of all abilities, and a complete overhaul of drainage and plumbing.

The Parish Centre Revamp will also allow us to be more effective in the way the building is used, and respond to the growing need for innovative projects that build a stronger community.
